Pharma Logistics Specialist - GDP (m/f/d)

Temporär Jobregion: Kaiseraugst Stellenprozente: 100%

Beschreibung

As a first-tier supplier to our renowned business partner F. Hoffmann-La Roche Ltd. in Kaiseraugst, we are currently looking for a motivated and dedicated **Pharma Logistics Specialist – GDP** for a temporary assignment of 12 months.

Within Global Clinical Distribution, you will support the international distribution of clinical trial supplies and investigational medicinal products (IMP), ensuring reliable, timely and GDP-compliant deliveries.

You will work closely with international logistics partners, freight forwarders, warehouse operations, transportation and customs teams to ensure uninterrupted clinical supply shipments in accordance with country-specific regulatory requirements.
We welcome experienced professionals as well as motivated junior candidates with relevant logistics experience, strong learning agility and a proactive mindset.

Tasks & Responsibilities

- Operational order management and handling of international clinical supply shipments, including IMP and drop shipments
- Management of shipping documents and licences in accordance with country-specific requirements
- Monitoring of shipments to ensure on-time delivery and proactive resolution of potential transportation issues and delays
- Maintenance and regular updating of country-specific shipping and regulatory requirements
- Acting as the main point of contact for internal and external stakeholders regarding shipping and logistics activities
- Close collaboration with international warehouse operations, transportation and customs management teams
- Participation in cross-functional projects and initiatives once established in the role

Must Haves

- Completed degree or vocational training in Supply Chain, Logistics, Freight Forwarding or a related field
- Minimum of 2 years of relevant professional experience in supply chain, logistics, distribution or freight forwarding
- Practical experience in Good Distribution Practice (GDP) is strictly required

More than Jobs

- Candidates with a degree in Pharmaceutical Sciences, Biochemistry, Chemistry or a related field must demonstrate relevant professional experience in supply chain or logistics
- Strong proficiency in Microsoft Office or Google Workspace
- Business-fluent German and English, including industry-specific vocabulary

Nice to Haves

- Experience in international pharmaceutical logistics or clinical supply distribution
- GMP experience
- Hands-on experience with SAP or other relevant ERP and logistics systems
- High affinity for IT systems and digital logistics processes
- Strong sense of urgency, proactive mindset and the ability to prioritise in a fast-paced international environment

Benefits

- Become part of one of the most prestigious pharmaceutical companies and actively shape the future of healthcare
- Experience a work culture that promotes diversity and inclusion and where all employees feel valued.
- Work on a state-of-the-art campus featuring green spaces, meeting areas, and an inspiring atmosphere
- Work with modern and up-to-date tools in an innovative work environment
- Start with a professional onboarding process and a thorough introduction to your new role during the Welcome Days
- Benefit from financial support for your professional development plans
- Enjoy a selection of high-quality meals in modern staff restaurants
- As part of a sustainable mobility concept, on-site parking spaces are available to you (subject to eligibility criteria)
- Take advantage of unbeatable, year-round discounts at renowned retailers and over 200 top brands
- Benefit from fleet discounts when purchasing new cars or receive constant fuel discounts with our fuel card
