SAP Application Lifecycle Management Consultant (m/f/d)

Temporär Jobregion: Kaiseraugst Stellenprozente: 100%

Beschreibung

For our international partner based in Kaiseraugst, we are looking for a qualified and motivated **SAP Application Lifecycle Management** for a temporary contract of 12 months with option for extension.

Tasks

- Management and maintenance of training strategy and training material for Solution Manager ALM (Focused Build and ChaRM)
- Onboarding of new teams/projects, explaining processes and methodology
- Operational support and delivering ad hoc training to new teams/projects and functional areas to improve Solution Manager ALM adoption.
- Supporting the continuous improvement process for Solution Manager ALM itself from requirements management to release to the business
- Collaborating with IT compliance in the definition of processes and controls to ensure compliance and reduce risks

Must Haves

- Min. Bachelor degree in Business Administration, Computer Sciences or equivalent
- Min. 3+ years of hands on experience in SAP ERP Application Lifecycle Management, using SAP Solution Manager (Focused Build and/or ChaRM)
- Min. 5+ years of experience in a global enterprise (preferred in the Pharma industry) delivering SAP ERP solutions in projects
- Min. 5+ years of hands-on experience in project management and the methodologies (e.g. Agile, SAFe), at least in Waterfall
- Strong experience in Change Management, related to transformational projects
- Very good communication skills are essential with the ability to communicate credibly at different levels in a highly complex cross-functional environment and build collaborative relationships
- Strong organizational, analytical and methodological skills
