Beschreibung

As a first-tier supplier to our renowned business partner F. Hoffmann-La Roche Ltd. in Kaiseraugst, we are currently looking for a motivated and dedicated **Clinical Logistics Specialist** for a temporary assignment of 12 months.

A healthier future. It's what drives us to innovate. To continuously advance science and ensure everyone has access to the healthcare they need today and for generations to come. Creating a world where we all have more time with the people we love. That's what makes us Roche.

The Clinical Distribution organisation's objective is to cost-effectively ensure the right product is in the right place at the right time every time, such that no patient will go without treatment and no clinical trial will be delayed. The Logistics Specialist is a key member of the Network & Capability chapter, which is jointly accountable for all elements of clinical supply chain distribution for the global Roche/Genentech portfolio of >500 studies. The global Network & Capability chapter is responsible for the logistic framework and setup to enable optimized and reliable clinical distribution for all studies (more than 100k shipments yearly across >130 countries), through effective use of industry- leading clinical distribution strategies (e.g. direct 2 patients), processes and systems.

The Logistics Specialist role executes all shipments and ensures they are processed without interruptions and in line with country requirements. The Logistics Specialist partners closely with our internal and external logistics partners and the broader distribution community (incl. all Chapters), IT and the Roche network to enable the portfolio and pipeline delivery.

Tasks & Responsibilities
