

Clinical Operations Lead (m/f/d)

Temporär Jobregion: Basel Stellenprozenzte: 100%

Beschreibung

We are looking for a motivated and committed **Clinical Operations Lead (m/f/d)** for our client, F. Hoffmann-La Roche Ltd. based in Basel, for a 12 month assignment with the option to extend.

At Roche/Genentech, we aim to deliver 3-5 times more patient benefit at half the cost to society. In line with this bold vision, Pharma Product Development (PD) Global Clinical Operations (PDG) is transforming the way we work—always with the patient at the centre. Our purpose is to innovate clinical trial delivery to enhance the experience for patients, caregivers, and sites.

Key Responsibilities:

- Support clinical trial delivery across Disease Areas by providing operational and/or strategic input
- Help shape operational strategies to enable efficient, patient-focused trial execution
- Foster a culture of patient- and site-centricity by understanding and prioritising their needs
- Contribute to simpler, more effective global clinical operations aligned with Roche's purpose and Personalized Healthcare goals
- Collaborate across Clinical Operations and broader Roche teams to share knowledge, promote innovation, and support team growth
- Manage internal and external stakeholders to ensure alignment and impactful trial delivery
- Ensure compliance with GCP/GVP standards and maintain data integrity through risk-based decision-making

Must Haves:

- Degree in a scientific field
- Minimum 4 years of experience in Clinical Operations and drug development
- In-depth knowledge of ICH-GCP and clinical trial execution
- Strong customer and human-centric mindset, collaborative and enterprise-focused
- Fluent in English

Benefits:

- Enjoy exclusive discounts all year round at renowned retailers and over 200 top brands
- Benefit from fleet discounts when purchasing a new car or receive
