

Network and Capability Manager (m/f/d)

Temporär Jobregion: Kaiseraugst Stellenprozenzte: 100%

Beschreibung

As a first-tier supplier to our renowned business partner **F. Hoffmann-La Roche Ltd. in Kaiseraugst**, we are currently looking for a motivated and dedicated **Network and Capability Manager** for a temporary assignment of 12 months, with high probability of extension.

Tasks & Responsibilities

- You are responsible for overseeing and optimizing the distribution network (>100k shipments per year) to enable timely, reliable and efficient delivery for all global Roche/Genentech clinical trials. Therefore you partner closely with internal stakeholders (Supply Chain, Procurement, Quality), customers (Clinical Operations) and external partners (3PLs, LSPs, etc.)
- You contribute and execute the network & capabilities chapter strategy, aligning with the overall distribution strategy. This incl. future network and capability readiness, build up of new locations, and a strong emphasis on Supplier Relationship Management (SRM).
- You oversee, manage and optimize distribution costs and spend (>50m CHF/year).
- You drive best practices, standardization, and optimization of distribution network processes in collaboration with Business Capability Leads (BCLs), QA ensuring supply chain reliability.
- You co-create and execute objectives for the global network & capabilities chapter, enabling continuous improvements and cultural transition towards a self-managed team and organization.
- You ensure the overall compliance of the distribution network according to GxP and GCP standards.

Must Haves

- You hold a degree (BA, MS, MBA) in a technical, business, or supply chain field or possess relevant experience; certifications like APICS, SCOR, Operational Excellence, Six Sigma, or Lean training are a plus.
- You have a strong understanding of end-to-end supply chain management, including warehouse and transportation management, logistics, and regulatory requirements for clinical trials.
- You bring relevant GXP experience
- You possess excellent knowledge of clinical supply chain distribution processes, Supplier Relationship management incl. negotiations & industry best practices, and the tools and systems needed to enable operational excellence.
- You act as an architect and catalyst in the distribution organization,

taking smart risks and streamlining or stopping non-value-adding work.

- You bring excellent communication and presentation skills, with the ability to simplify complex issues and convey key messages effectively to senior leadership.
- You have (min. 6 years) 10+ years of operational experience in supply chain, distribution, planning, and/or manufacturing, with significant expertise in clinical supply chain (distribution) management.

Benefits

- Become part of one of the most prestigious pharmaceutical companies and actively shape the future of healthcare
- Experience a work culture that promotes diversity and inclusion and where all employees feel valued.
- Work on a state-of-the-art campus featuring green spaces, meeting areas, and an inspiring atmosphere
- Work with modern and up-to-date tools in an innovative work environment
- Start with a professional onboarding process and a thorough introduction to your new role during the Welcome Days
- Benefit from financial support for your professional development plans
- Enjoy a selection of high-quality meals in modern staff restaurants
- As part of a sustainable mobility concept, on-site parking spaces are available to you (subject to eligibility criteria)
- Take advantage of unbeatable, year-round discounts at renowned retailers and over 200 top brands
- Benefit from fleet discounts when purchasing new cars or receive constant fuel discounts with our fuel card
