

Project Manager/RTE & Scrum Master - AI-Driven Clinical Data Management (m/f/d)

Temporär Jobregion: Kaiseraugst Stellenprozent: 100%

Beschreibung

As a first-tier supplier to our renowned business partner F. Hoffmann-La Roche Ltd. in Basel, we are currently looking for a motivated and dedicated **Project Manager/RTE & Scrum Master - AI-Driven Clinical Data Management** for a temporary assignment of 12 months.

Tasks & Responsibilities

- Own the delivery plan across multiple parallel teams from current state through MVP and subsequent releases
- Drive PI-level planning, manage cross-team dependencies, and resolve blockers before they hit the critical path
- Maintain the RAID log with clear owners, deadlines, and recommendations
- Enforce scope discipline through a structured requirements intake and triage process
- Release management: develop and maintain a release calendar and schedule, coordinating with development, QA, and operations teams on timelines. Lead post-implementation reviews to identify release cycle process improvements.
- Facilitate sprint planning, daily standups, reviews, and retrospectives for the teams
- Shield teams from external disruptions and remove impediments quickly
- Coach team members on agile practices and continuous improvement
- Track sprint health (velocity, burndown, blocked items) and surface concerns early
- Support Product Owners with backlog refinement, story breakdown, and Definition of Done compliance
- Facilitate Scrum of Scrums, PO Sync, and dependency resolution sessions across all 5 delivery teams
- Manage the Jira ALM project structure as the single source of truth for programme status
- Ensure consistent Jira hygiene across all teams (issue types, labels, linking, workflows)
- Enable effective collaboration between co-located (Basel) and virtual (US, India) team members
- Provide transparent program status reporting to leadership
- Manage stakeholder expectations around MVP scope and post-MVP deferrals
- Coordinate with adjacent programmes and platform teams on

Must Haves

- 7+ years of project management experience in software delivery, including 3+ years managing programmes with multiple parallel teams
- Demonstrated Scrum Master experience - you have facilitated agile teams, not just observed them. You know how to run an effective retro and how to coach without directing
- Pharmaceutical or Life Sciences industry experience with understanding of GxP requirements and what inspection readiness means in practice
- Hands-on Jira experience - you have configured and managed Jira projects, not just consumed reports. Xray test management experience preferred
- Experience with scaled agile delivery (SAFe or similar) and the pragmatism to know when to adapt the framework to the situation
- Strong risk and dependency management skills with a bias toward action
- Experience managing distributed hybrid teams across multiple time zones
- Fluent English communication - written and verbal

Nice to haves

- Clinical data management domain familiarity - you understand CRFs, EDC systems, data queries, and the data review process at a working level
- Experience with AI/ML product delivery, particularly the challenges of validating non-deterministic systems
- GxP validation experience for AI/ML or software systems in pharma
- Experience with clinical data systems (Medidata Rave, CDMS, RBQM tools)
- CSM, PSM, SAFe SM/RTE, PMP, or equivalent certification

Benefits

- Become part of one of the most prestigious pharmaceutical companies and actively shape the future of healthcare
- Experience a work culture that promotes diversity and inclusion and where all employees feel valued.
- Work on a state-of-the-art campus featuring green spaces, meeting areas, and an inspiring atmosphere
- Work with modern and up-to-date tools in an innovative work environment
- Start with a professional onboarding process and a thorough introduction to your new role during the Welcome Days
- Benefit from financial support for your professional development plans
- Enjoy a selection of high-quality meals in modern staff restaurants
- As part of a sustainable mobility concept, on-site parking spaces are available to you (subject to eligibility criteria)
- Take advantage of unbeatable, year-round discounts at renowned retailers and over 200 top brands
- Benefit from fleet discounts when purchasing new cars or receive constant fuel discounts with our fuel card
