

# Senior DevOps Engineer (m/f/d)

Temporär      Jobregion: Rotkreuz      Stellenprozenze: 100%

## Beschreibung

For our international partner, **Roche Diagnostics International Ltd.** based in Rotkreuz, we are looking for a qualified and motivated **Senior DevOps Engineer** for one year. Extension on request and performance.

As a Senior DevOps Engineer you will have a broad knowledge of automation and orchestration of CI / CD pipelines supporting the development team. You are also an expert in Docker and containerization technologies with a good knowledge about container orchestration tools like Kubernetes and logging/monitoring tools for these orchestration tools.

## Tasks

- Establish, Maintain and improve DevOps practices and automation for continuous integration (CI) and continuous delivery (CD) throughout the product development lifecycle while building support for continuous testing and configuration management
- Defines and orchestrates strategies regarding the aspects of integration testing infrastructure, branching and merging, repository structure, build environment and dependency handling in order to setup a robust workflow leading to software releases
- Creates and improves appropriate infrastructures for automated deployments and integration testing; creates required scripts
- Coaches development team to follow defined standards; in scope are repository structure quality and deployment package quality, source code analysis results, code coverage and test results, software metrics; actively support knowledge improvement of the development team in these areas

## Must Haves

- Excellent knowledge of CI/CD automation tools and components like Azure DevOps Server, Jenkins, etc.
- Proficiency in scripting languages like PowerShell, bash or python
- Build tools for .NET applications: msbuild, cake, etc
- Experience working in a regulated environment (e.g. Medical, Defense, and/or telecomm)
- Strong experience with configuration management, monitoring, and systems tools Linux and Windows operating systems.
